

BIPACK

DESCRIPTION

The new bipartite box propose our products without changing the properties of cooked au naturel fresh vegetables. The 300g bipartite box allows you to eat a single portion while conserving the other one in the refrigerator.

ADVANTAGES OF BIPACK LINE:

Annatura Bipack is still more practical and it eases the preparation and consummation of healthy excellent food. Moreover, by allowing the consumer to eat the product at different times, Annatura sustains a responsible, not massive and non-wasteful use of food.
